

LITTLE LONDON SUPERFAST BROADBAND SERVICES

Are you tired of waiting for a decent broadband connection?

Is the BBC iPlayer slow and jittery?

Are slow internet speeds stopping you working from home?

SUPERFAST BROADBAND IS NOW AVAILABLE IN LITTLE LONDON

Speeds of up to 40Mbps are now available to your property, nearly five times faster than the national average and almost 20 times faster than current service in Little London.

With superfast broadband you can:

- watch the BBC iPlayer without interruptions
- download music and movies in minutes
- do homework online
- go shopping online
- work from home
- use internet banking
- cut phone bills and keep in touch using Skype and other social media
- access health, jobs and recreation at the touch of a button
- access all of these services at the same time using different devices in your home.

How do you get it?

After a one-off activation fee the ISPs listed on the reverse offer services from £22 a month plus VAT, comparable with prices charged in towns and cities across the country.

Hampshire
County Council

www.hants.gov.uk

First, get in touch with one of the ISPs listed on this page.

They'll send you what you need to get connected.

Just set up your router and computer as per their instructions ...

And enjoy your superfast broadband!
